

Dividing the Problem

Name: _____

INSTRUCTIONS:

- Read your topic guide and answer the questions below.
- Include as much detail as possible and use vocabulary from the topic guide.
- Look back at the text as needed!

| Topic: | Responses: |
|---|------------|
| <p>1. What sorts of programs have the UN and individual countries used to try and address problems of youth employment? Have they been successful? What could they do to continue to improve the situation?</p> | |
| <p>2. What are some of the causes of youth employment issues? Do these causes affect some people more than others e.g. people who live in rural areas versus people who live in cities?</p> | |

| | |
|---|--|
| <p>3. What sorts of problems do young workers face after they find work? What can be done to help protect the rights of young workers?</p> | |
| <p>4. How can developed countries like the United States help developing nations like Ghana on issues of youth employment? What about the other way around? Are there ways that developing nations can help their wealthier friends deal with their issues?</p> | |
| <p>5. Why is it important for young people to be able to find jobs? What are some of the problems that can come up later in life if people cannot find work when they are young?</p> | |
